

# Math Request to Retest Form

Name: \_\_\_\_\_

Date: \_\_\_\_\_

Class Period: \_\_\_\_\_

Chapter/Concept to Retest: \_\_\_\_\_

## Reflect

Previous Score \_\_\_\_\_

Why?

---

---

---

Circle **two** activities you will do to improve your understanding of this concept (in addition to correcting/redone the missed problems you would like to attempt again):

1. Complete a "look alike" problem (given to you by Miss Smith), showing all of your steps/work.
2. Create the problem/situation and its solution by using a visual representation (drawing, picture of a hands-on creation, video, etc.).
3. Play a game (on mathgames.com or another approved site) that helps you practice the skill(s) that you missed. *If using a site other than mathgames.com, please write the name of the site.*
4. Explore a website (on the Google Classroom site, or Miss Smith's website) that provides example problems for you to view and take notes on. *Be prepared to discuss your notes with Miss Smith.*
5. Watch a video (on the Google Classroom site, or Miss Smith's website) and practice/take notes as you complete the practice problems/examples. *Be sure to attach all video notes to this form.*

Items to Attach – (send to Miss Smith)

- Previous test with *corrections in **colored** pen* (not black, gray, etc.).
- Proof of your activities (attached paper copy, screenshot or video sent via Google Classroom/email, etc.).

## Request

I request the opportunity to retest this concept. I have worked hard to improve my understanding of this concept. I will submit this request form either in person or electronically, along with my previous test and the corrections I have made on it.
